Thanks. I'm just grateful the battery didn't die when I was far away or after business hours like the airport parking lot or my music class.

Just go ahead and use the routing bot. If I have significant questions, I can send it back to you.

Glad to hear the car issue is solved. What a pain in the butt.

Hi Andrew, sorry for all the text messages. Finally just got home after the battery fiasco. Got to Pep boys 10 min before closing so got a new battery installed. When you least expect it.... things happen. Oh well. Convenient that my car broke down outside the gym so I could get in an extra run.

Yes after I make the edits and finalize the letter, do you think I should use the routing bot to send it through you and then to Judy or do you want to look at it before hand?

Thanks.

Sounds good on all fronts, Holly. Can you run it through that R8 routing bot? I think Judy wants us to use that.

Hi Andrew, here's a quick update on the status of ND's WQS approval letter.

Erica Fleisig sent me her excellent comments on my draft letter today. I'm making the revisions and am going to talk with Pete Wax in the morning about a couple of questions (he's been on leave). My plan is to send you the final letter (and the version with Erica's comments) tomorrow.

I'm about 75% done with my ESA memo and will have it completed by the end of the week.

Thanks. I hope it's cool I'm taking a late lunch today (3:15-4:15) to head to the gym and will work til about 5:45 or 6:00 tonight.

Have a great evening,

Holly
